While our UBE learning schedule above shows Saturdays, students can pick their most convenient day of the week. We recommend you build up to 3-hour straight thru learning sessions. *If not previously taken.

Primer Series Books

We offer five UBE books that review the material covered on the UBE exam and seven UBE-style horn books for law school students covering the below law school subjects. The five UBE books are all you need to pass the bar exam. All items may be purchased at https://www.rigos.net/register_v2.asp.

Recent Student Comments

I had two study partners who both used company “B” and their material was so massive and overwhelming that their heads were spinning. I was the only one of the three of us that passed the July 2014 exam. I felt so comfortable and prepared during the exam that it almost felt easy. Rigos was excellent. **Nicholas Alexander**

The feedback from Rigos mentors and quick turnaround by graders improved my writing skills to match the bar examiners’ requirements. **Charles Gust**

The Rigos method is efficient and focused on the UBE information that matters. The feature I found most helpful was the organized practice question maps cross-referenced to each subject, right after the substantive outlines which helped me to apply the rules. **Sarah Taylor**

Passed the February 2016 exam. The Magic Memory Outlines were very helpful and for me made the difference. **Paul Dowaschinski**

“Seamless Process” 10 Ingredients

1. Absorb the online 4 hour **planning and orientation** lectures, MBE question characteristics, MEE essay writing, and MPT task performance workshops.
2. Preview those subjects that you didn’t have in law school or otherwise want more foundation in before the detailed learning lecture.
3. Listen to the 20 minute **substantive lectures** of the text coverage and complete the related **learning questions**.
4. Summarize the text and complete your **Magic Memory Outlines®** by using our Word templates. Doing these well is quite important to your comprehension and recall ability leading to bar exam success.
5. Memorize your **Magic Memory Outlines®** and use our **acronym-mnemonic** element app.
6. Work all our MBE questions and use the **Make Your Own Exam®** software app feature to create subject question drills focusing on your weak areas.
7. Practice our proprietary **MBE Secret Weapon®** Technique to gain extra points on the MBE.
8. Write and timely upload all of our **19** individually critiqued and graded **MEE and MPT questions** for prompt evaluation and suggestions by our graders.
9. Take all four practice 3-hour exam sets.
10. Complete our final **“review of the review”** and make a bona fide 100% effort on your Bar Exam.

The whole of our Learn-Practice-Outline system Seamless Process is greater than the sum of the parts therefore we advise a full 100% effort.
